

Bicycle Network Mandatory Helmet Review

Opinion of [name], [title], [organisation]

1. *Do you believe it should be mandatory to wear a helmet when riding a bicycle? (If you believe it should be mandatory at some times but not others please describe when.)*

Absolutely.

2. *What's your reasons for your answer to question one?*

When we ride a bike, we are in a state of unstable equilibrium. We are always trying to control gravitational energy and kinetic energy (momentum).

A fall (accident) is an unpredictable event.

I am a mountain biker and in addition to protection my head I also wear one or more of the following: shin guard, knee guard and elbow guard to match the risk(s) level associated with the ride.

3. *Do you provide consent for your opinion to be made public?*

Yes No

4. *If no, are you happy if we say you provided an opinion but didn't want it made publicly available?*

Yes No
